1.2 Identification of 2D shapes and 3D objects

Travel Through

Teacher's Note:

Place the objects on a table as given in the picture and fix a cardboard behind the objects. Now glow a torch light from the front side of the objects horizontally and make students see the images of the objects on the cardboard.

Learn

2D impressions of 3D

Take an inkpad.

Press an eraser on the inkpad.

Remove the eraser. Press it on white paper and see the 2D impression.

Teacher's Note:

The teacher can explain that various 2D shapes can be obtained as per the 3D objects used.

Practice

Based on the above activity, fill in the table given below.

Objects used	Shapes formed
Eraser	Rectangle
Sharpener	
Dice	
Bead	

Teacher's Note:

Do the activity by using the objects like pencil, sharpner, dice, ball, beads etc., Observe the impression.
